RECOVERY REIMAGINED

From the industry leader in cold therapy devices, ThermoTek's ARTEK Sport takes traditional ice therapy systems to a new level. Leveraging 30 years of experience in cold therapy, ARTEK Sport offers safe, simple, and effective patient treatment.

Unlike traditional ice buckets, ARTEK Sport is designed to require rest time between therapy sessions, which helps keep the patient safe and improve recovery. Each ARTEK Sport system comes complete with everything needed to deliver effective therapy, including a universal wrap that can be applied to a range of body parts.

Provided with a Universal Wrap

Features

- + Ice-based cold therapy with enhanced safety features
- + Timed Temperature Management - allows safe delivery of therapy with automatic required rest periods
- + Touchpad Therapeutic Interface - with fluid temperature display, simplifies ease of use for patient
- + Extended Use - ARTEK Sport is fully insulated and designed to last up to 6 hours between ice changes
- + Universal Wrap - included with system and designed for virtually all injuries and body parts, including knee, shoulder, hip, back, forearm, foot/ankle, and elbow

NOTE: Federal law restricts this device to use by or on the order of licensed medical practitioner. Follow the prescribed instructions of your medical practitioner. Refer to the User Manual of Contraindications. Patents: www.thermotekusa.com/patents

Backed by 30 years of experience with thermoelectric and precision engineering, ThermoTek offers advanced solutions that support post-surgical recovery and scientific thermal management. We pride ourselves on delivering high-quality dependable products that directly address our customers' needs.
