VASCUTHERM 4 BED HOOK/PS BRACKET ASSEMBLY

Part Number: 0P9KVT4BHK

**Step 1:** Place the bed hook on top of the bracket lining up the installation holes as shown.

**Step 2:** Install (2) 6-32 x ¼” Philips pan screws to secure the bed hook to the bracket.

VT4 Bed Hook

VT4 External Power Supply Bracket

Made In America
Step 2a:

Step 3: Position assembly as shown.

Step 4: Position the VT4 unit with the bottom toward you. Remove one screw as shown and set aside.

Step 5: Place the unit onto the bed hook/bracket. The two slots on the bottom of the unit will fit up to the bed hook.
Step 6: Unit to bed hook/bracket.

Step 7: Position the unit upright.

Step 8: Unscrew and remove the reservoir cap.

Step 9a: Install (2) M3x6 Phillips flat screws to secure the bed hook to the top of the unit.

Step 9: Replace the reservoir cap.
Step 11: Secure the bracket to the bottom of the unit by replacing the screw previously removed.

Step 12: Slide the power supply into the bracket.

Step 12a: Continue to slide the power supply until it meets the bracket stop.

Step 13: Plug in the power supply to the appropriate port on the back of the unit.
